

The missing product is the handoff.

Discovery reveals possibilities. Agents organize decisions. The product gap sits between them.

192 observations · 4 surfaces · 2 rounds

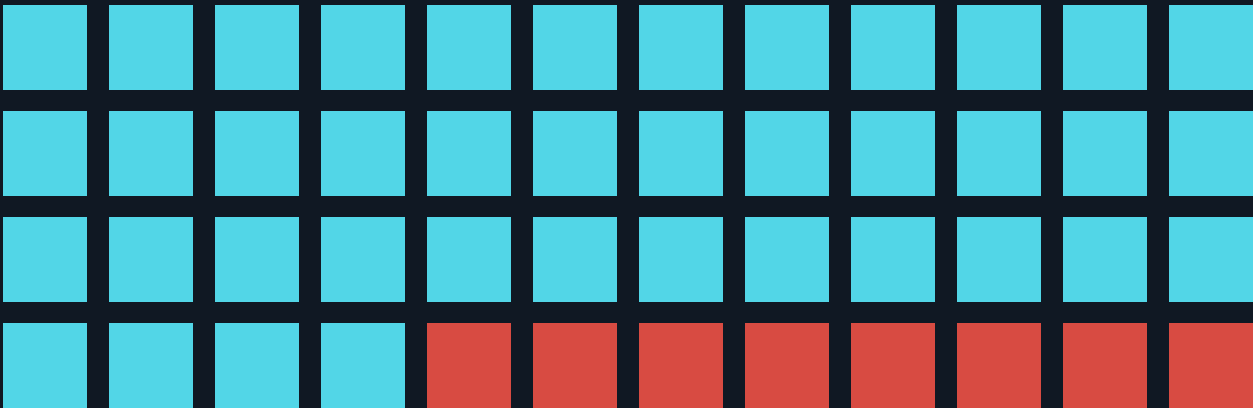

Do not force them into one leaderboard.

01	TikTok DISCOVER	Inspiration with visible creator context
02	YouTube ROUTE TO DEPTH	A route to deeper reviews
03	Google AI Mode SYNTHESIZE + VERIFY	Source-linked synthesis with state handling
04	ChatGPT STRUCTURE	Constraint organizer and decision canvas

A fallback page is not an AI answer.

Google AI Mode

Round 1 · 24/24

Round 2 · 16/24

8

Round 2 generation failures showed fallback results.
Those states stayed visible in the analysis.

Missing, unclear, and wrong are different states.

3

Incorrect

The 3 incorrect claims were narrow robot-vacuum overclaims in captured Google AI Mode answers.

Respondents favored control over what travels with them.
